

Find the Right Solution – Faster.

Our products are as individual as your application. To help you quickly and efficiently, simply fill out this form. The more information you provide, the more precisely we can assist you.

Please send the completed document via **email** to: **baromax@weh.com**

Of course, we are also happy to assist you personally. **Phone: +49 7303 9609 702**

Your WEH Expert Team

Please describe your request, problem, or the product you are looking for

Requirements	Comments	
1. Max. allowable operating pressure (Pressure Set	Possible ratio, see Diagram 1: Performance Chart	
2. Compression Volume (max. 1.700 ml)		
3. Medium	hydraulic Oil	
	Water-Glycol-Mixture	
	Other:	
4. Hydraulic Connection Specification		
5. Pressure Rise Rate (optional, in bar per second)		
6. Flow Rate (optional, in milliliters per minute)		
7. Temperature Rate		
8. Quantity		

9. Drive System	manuell via hand- crack	
	motorized	
10. Sould an existing motor specification (mechanical interface and drive torque) be taken into account?	Yes	Which?
11. Sould a drive solution be offered as well?	Yes	Control- specification:
12. Number of Cycles		
13. Are special control or relugation requirements to be considered?		
14. Are there any space constraints?
